FIVE ARRESTED ON LYNCHING CHARGE

Alleged Members of Mob Will be Prosecuted.

MURDER CHARGE FOR LYNCHERS

Public Sentiment in Rowan In Regard to the Lynching Is Said To Have Undergone a Great Change—Punishment Desired for Mob Leaders.

Charlotte, N. C., Aug 11.—Five men have so far been arrested in connection with the lynching at Salisbury Monday night. These are Bud Bullobaugh, George Hall, John Cauble, Francis Cress and George Gentle, all Rowan county men, save Hall, who is from Montgomery.

These men were taken into court at 3 o'clock Thursday afternoon. Hall alone was arraigned. He was charged with murder on three counts. He pleaded not guilty. He was represented by ex-Congressman T. F. Klutz. Judge Long warned the other prisoners to employ counsel.

Public sentiment in Rowan in regard to the lynching is said to have undergone a great change and there is now a strong desire that the leaders of the mob be punished. It appears that the actual instigators were men of bad records from other counties. It has been found that the conservative elemen in the mob the men who saved the necks of a woman and Henry Lee and George Erwin, came from the neighborhood of the Lyerly home.

The way of Judge Long and Solicitor Hammer is not going to be as rough as it once seemed. If the man who first beat his way into the jail with a sledge hammer were tried today, it is said that it would not be difficult to find a jury to convict him.

Solicitor Hammer is busy examining witnesses and issuing papers.

$3,000 Sea Cow Dead.

New York, Aug. 11.—The aquarium's $3,000 sea cow died Thursday from blood poisoning, caused by the bullet some Floridians fired into her back some time ago before she was purchased by the Aquarium at Miami, about two weeks ago. Three doctors performed an operation on the cow. She was manacled and nearly a foot under the outer skin, the doctors found a 38-caliber rifle bullet. Although the exact price paid for the manatee has not been made public, the figure was reported at $3,000. As she was on exhibition not quite eight days, the seacow, therefore, cost the city of New York about $375 a day. The hide of the seacow will be mounted and presented to the museum of natural history.

Impressive Funeral Services.

Memphis, Tenn., Aug. 11.—Impressive funeral services were held over the remains of Juan Edwards, the tenor of the Royal Hawaiian Band, who died here Tuesday, the ceremonies taking place Friday. Only visiting Hawaiians took part. The body was placed in a hearse and driven to the depot, preceded by the Hawaiian band which played the native funeral march. The procession attracted much attention, the streets being lined with people. The body of Edwards will be shipped to Honolulu for interment.

2,000 Gold Beaters Strike.

New York, Aug. 11.—A strike of 2,000 gold beaters against open shop began Thursday. James H. McCabe, of the Gold Beaters' union, anounced last night that the strike affects 92 firms. It was ordered, he said, for the purpose of driving out the middlemen, or small contractors who take contracts from the large manufacturers and who employ their men on the open shop plan.

Killed by a Moving Crane.

Birmingham, Ala., Aug. 11.—Angus Leboeit, a well known young man, employed in the construction department of the steel plant, was struck on the head by a moving crane at Ensley, sustaining a fractured skull from which he died enroute to the hospital.

BODY EXHUMED FOR INSPECTION

Thought Drowned Woman Met Foul Play, But No Evidence Found.

Columbia, S. C., Aug. 11.—The sensation caused by the finding of the body of Mrs. Walt Hamilton in the well last Sunday, five days after her disappearance from her home near Dillon, did not end with her burial.

Vague rumors of foul play were rife throughout this section and the inquest was postponed until things could assume some shape.

At the instance of a brother of the deceased and some of the jury, Coroner Lassiter ordered the grave opened and an autopsy held. Although it was one of the hottest days of the summer, a large motley crowd of men and boys, black and white, collected at the family burying grounds, many of them walking about two miles from Dillon, where the disinterment took place. The casket was removed from the grave and carried under a shade tree and opened.

Decomposition, however, had set in, obliterating all evidence, if there had been any, of violence.

Consequently, the jury had to fall back upon the prima facie evidence of suicidal drowning.

General Cutting Affray.

Atlanta, Aug. 11.—Six negroes are locked up at police headquarters and two are in the Grady hospital, one of them in a dying condition, as the result of a cutting affray in the house of Luella Dumas, also a negro, in Pittsburg, at about 10 o'clock Thursday night. The affair appeared to be a general family row, which turned out seriously. Henry Jackson, one of the principals, was almost disemboweled, and in addition to this he received a wound in his heart. He is at the Grady hospital, but is not expected to live. Andy Tenerman is also at the hospital badly hurt. Luella Dumas received a cut on the arm, but was able to be taken to the police station, where she and five other negroes are being held.

Will Try Lynchers.

Springfield, Mo., Aug. —.—When the trial of Daniel G. Gilbraith, one of the alleged leaders of the mob which in April last hanged three negroes in the public square, is called again on Monday Attorney General Hadley will be here to assist the state. Governor Folk desires that Mr. Hadley take personal charge of the case. Ever since the mob lynched the negroes he has declared that the state of Missouri was disgraced and only the conviction of the mob leaders would wipe out the stain from her fair name.

Mayor Headed Horse Thieves.

Williston, N. Dak., Aug. 11.—W. N. Denny, mayor of Williston, and a prominent banker, has been found guilty on the charge of receiving stolen property. It was charged by the authorities of Valley county, Montana, that Denny was the head of a band of horse and cattle rustlers, and that he disposed of the booty acquired by the gang. The case had been on trial all the week, and the jury found him guilty. Sentence has not yet been imposed.

Bucket Shops Will Cross River.

Augusta, Ga., Aug. 11.—While the Boykin bill effectively stops future contract dealing in Atlanta and Macon, Augusta, and perhaps other cities will continue business. The bucket shop and brokers here will merely move across the Savannah river into South Carolina and continue operations through the medium of telephonic communication. It is understood quotations will be furnished in the city of Augusta by the use of tickers.

Lad Loses Life in Acid Vat.

Augusta, Ga., Aug. 11—J. Widener, a 14-year-old employe of the Clearwater bleachery, near Augusta, Ga., met a terrible fate Thursday night. The boy was employed in packing cloth in a large vat, in which the material is drenched with an acid. By mistake the vat was flooded before the boy was told to leave the tank. He was immersed in the acid and died in great agony.

Cashier Robbed of $47,500.

Verkhoyansk, Siberia, Aug. 11.—A roving band of Circassians rode into the railroad station here and robbed the cashier of $47,500.

EVERY DISTRICT TO HAVE SCHOOL

Perry Agricultural Bill Passed by the House.

THE TUITION IS TO BE FREE

Provides for Eleven Agricultural Colleges in Georgia To Be Supported by Fees Derived from the Inspection of Fertilizers.

Atlanta Aug. 11.—The house on Thursday passed the bill of Mr. Perry, of Hall, to establish agricultural colleges in each of the congressional districts of the state, such institutions to be created by authority of the governor, and to be maintained upon fees derived from inspection fees received from the inspection of fertilizers, oil and other inspection fees.

The governor is to appoint a trustee from each county or a district in which such a school shall be established, who shall hold office for six years, which trustees shall control and manage the school. Land, not less than 200 acres may be donated by citizens, together with additional donations in the way of buildings or money.

Tuition is to be free at these schools and the students may receive as much as $100 per year of the earnings of the school, after one-half of the earnings have been set aside from the sale of products of the farm and the shops, not consumed by the school.

Pupils shall be taught the elementary English branches and agriculture in all its branches, and the mechanic arts. The faculty shall consist of a principal, an intelligent farmer, one superintendent and instructor in farm work, one intelligent mechanic, an instructor in dairying and such other teachers as are required for the carrying out of the purposes of the act.

The fees available from inspection receipts shall be available after the present year, but no sum is to be appropriated for this purpose which would otherwise go to the public school fund.

Charges of official misconduct against Judge John H. Martin, of the Oconee circuit, who lives at Hawkinsville, were filed with Governor Terrell by Samuel Greer, a litigant in that circuit, and transmitted to the house. The speaker appointed a committee of five, Mr. Hall, of Bibb, chairman, to investigate the charge and report back to the house whether or not impeachment proceedings shall be commenced against the judge.

At the afternoon session several private pension bills and local bills were read the third time and passed, and a bill was passed appropriating $250 and authorizing the governor to appoint a commission of three to meet a similar commission, appointed by the governor of Tennessee, to determine the true line between the county of Dade, Georgia, and the state of Tennessee.

The Boykin anti-bucket shop bill passed the senate by a vote of 38 to 3. The Wheatley substitute was lost by a vote of 29 to 14. With the enactment of the Boykin measure passes out of business in Georgia all bucket shops and so-called legitimate exchanges.

On announcement of the result of the aye and nay call by Reading Clerk Hansell, there was a hush and then loud applause. It required several raps of the gavel before President West could restore order.

All during the debate which lasted for three hours, the senate gallery, for the first time this session was crowded with spectators, as was the lobby.

Awaiting Own Report.

Tokio, Aug. 10.—(Afternoon)—All facts received up to this time in connection with the Aleutian islands incident, point to a raid by Japanese poachers. The Japanese press is refraining from comment. It is generally believed that the affair will not result in any diplomatic complications. The Japanese government, however, is still awaiting the own report upon the occurrence.

CENTRAL STIKE ENDS.

All the Demands of the Strikers Have Been Granted.

Macon, Ga., Aug. 11. At a meeting of the striking carmen and inspectors of the Central railway here on Thursday afternoon in Lackey hall, South Macon, a committee representing the railroad was met and all the terms of agreement were fixed so that the men returned to work Friday morning.

All the demands of the strikers were met and granted. The raise of wages in several instances from 2½ to 5 cents per hour was agreed to as also were the regulation of hours and the docking of shop rules.

No more orderly or gentlemanly conduct was ever sustained by men who were dissatisfied with their wages. Peace has throughout the strike remained even from the shops and sought other employment until a request was made by railway officials for a conference.

All differences were quickly adjusted at the meeting and the men return satisfied with the results. This sends more than 200 men back to their posts of duty in Macon, Columbus and Atlanta for the Central alone.

Condemned Negro Created Sensation

Birmingham, Ala., Aug. 11.—Earle Fletcher, a negro, who was hanged here Friday for the murder of Bob Payne, a fellow convict at Flat Top mines, created a scene by denouncing Circuit Judge S. L. Weaver from the scaffold just before the drop fell. He declared that the judge had granted a habeas corpus to John Williams, a white man from another county, and signed the writ the day before he was due to hang but when it came to his own case, a citizen of this county, the court went fishing. Fletcher said that "spite feeling" was given as an excuse for the judge to leave town to avoid granting him a habeas corpus. Fletcher died without fear, saying he had religion. He was serving a fifteen year sentence for the murder of a negro named Harris when he brained Payne with a coal pick.

Stopped a Mad Dog.

It said that Frank Clark, Jr., stopped the progress of a dog that was supposed to be mad, killed the animal with a brick, and rescued a baby before the dog was really determined to be dead or not.

Mr. Clark was coming down the street on Thursday, when some one cried "mad dog." His attention was attracted a few yards away to a nurse and a baby carriage, with a dog snarling at the feet of the nurse, and foaming at the mouth. The canine was also making mad leaps at the baby, which was playfully reciprocating the "slaps," and the nurse was in highest state of excitment. The young man picked up a brick, put the dog temporarily out of business, took the baby from the carriage and separated himself and the kid by a picket fence.

The dog recovered and made a hasty exit, and that ended the trouble.

The dog was mad, but he might not have had hydrophobia.

COL. OLIVER'S OPINION.

Attorney for Lake City in University Case Consents to Talk.

Col. T. B. Oliver of the law firm of Oliver & Hodges, and counsel for the city of Lake City in the University matter, has given out the following interview to The Lake City Citizen-Reporter:

"In answer to hundreds of questions asked of us every day in the University matter, and for the general information of our people of town and county, I would be glad if you would state that—

"All our suits in the State courts to enjoin the removal of the University and equipments are at an end, Judge Malone of Quincy having dismissed our last bills at the hearing there July 19th.

"Since then a bill, containing the pertinent features of all these, has been filed in the United States Court, Judge Shelby of Huntsville, Alabama, acting for Judge Locke, who is absent from the circuit. This bill asks for a temporary injunction and for a decree declaring the removal of the institution an impairment of contract in violation of the Federal Constitution. At the preliminary hearing on this bill the court refused to grant the temporary injunction prayed, probably on either the ground that it would not interfere with the conduct of the school pending the litigation, or because it was shown that most of the material had been removed already and that the injunction would be fruitless.

"At the same time, it was ordered that the defendants, the Gainesville people, answer our bill by the first Monday in October. This means simply that the bill is considered and retained by the court and that this cause is now pending, for adjudication hereafter on the final hearing. When the defendants' answer is filed, it will be excepted to, if sufficient on its face. If sufficient on its face, replication will be filed. This will put the whole matter at issue, or ready for trial, as the public understands it. A master or commission will then be appointed by the court to take all the evidence that may be offered. After this, the case will go to final hearing. If then our contention is sustained, we are put back where we were before the removal, in spite of all the courts and legislatures in Florida. Either party may appeal from the decision in this case to the Supreme Court of the United States. No decision need be expected earlier than sometime in the spring of next year."

Mr. Lilienblum is Out.

Friends of B. Lilienblum are glad to hear that he was able to leave the Odd Fellows' Sanitarium Saturday. He cannot speak highly enough of Miss Lynn and her assistant nurses for the kind attention and care given him for the last three months.

As few people know, Mr. Lilienblum was thrown out of a racing car and quite seriously hurt in Vanderbilt preliminary races on Long Island eleven months ago, and in addition catching rheumatism, has been helpless for a long time, never expecting to be able to walk around on his own feet again. He says that it is too good to be true.

Mr. Lilienblum will make his future home in Gainesville and go into the automobile business here.

MERCURY A DECEPTIVE TREATMENT

Mercury and potash are very deceptive treatments and the blood poison sufferer who depends on them for a cure is sure to be disappointed. These minerals will remove the external symptoms and shut the disease up in the system for a while, but the trouble will surely return and the loathsome symptoms of sore mouth and throat, copper-colored spots, falling hair, sores and ulcers etc., will be accompanied by the disastrous effects of the treatment. The continued use of these strong minerals will completely ruin the health and weaken the system to such an extent that the original disease often becomes incurable and sometimes fatal. Mercury and potash eat out the delicate lining of the stomach and bowels, destroy the gastric juices, producing chronic dyspepsia, cause mercurial Rheumatism, salivation, and where they are taken in large quantities cause necrosis or decay of the bones. S. S. S. is the only remedy that can cure Contagious Blood Poison surely and safely. Colored Woman Found Dead Near Alachua—Investigation Made.

The Alachua Post of Friday, the 10th inst., has the following which will prove of interest:

"A colored woman named Davis was found dead about 4 a. m. yesterday on Julius Thomas' place, near Alachua. The circumstances surrounding the death appeared of such a mysterious character that Judge Caswell deemed it advisable to make a more minute inquiry into the matter and determined on holding an inquest if the facts developed sufficient grounds for it on arriving where the corpse lay. Dr Caswell left yesterday afternoon for that purpose, accompanied by Dr J. W Bishop, J. R. Williams, Furman Y. Smith and Constable Stevens."

Letter to Ed. O'Niell,

Gainesville, Fla.

Dear Sir: If you could get the exclusive sale of a sweeter sugar for five miles round—½lb as sweet as a pound of usual sugar, and cost no more—you'd jump at it, wouldn't you?

There wouldn't be 100 lb of any other sugar sold in a year in your town; you'd gobble the trade; and it wouldn't hurt your whole business.

Devoe is like that among paints; it is twice as sweet as some; it is sweeter than any; not one exception; one gallon is two or one-and-a-half or one-and-three-quarters.

Better than that; paint has to be painted; that costs $2 to $4 a gallon. A gallon saved is $2 to $4 saved in labor besides the paint.

Even that isn't all. A gallon Devoe put-on wears as long as two gallons put-on at a cost of $2 to $4 a gallon and two gallons more put-on at $2 to $4 a gallon. Count all that. The paint that wears double costs less by 3 gallons of paint and 3 gallons of painting; that's about $15 a gallon for those superfluous gallons.

That's as good as a double-sweet sugar, isn't it? Yours truly,

F. W. Devoe & Co.,
New York

The Great South Dakota Cave is the largest cavern in the world. It is situated in the region of the Black Hills in America, and exceeds even the Mammoth Cave in Kentucky. It is fifty-two miles long and contains 1,500 rooms, many of which are over 200 feet high, and are massed with stalactites and stalagmites of great size. There are streams, waterfalls, and thirty-seven lakes in this vast subterranean world 6,000 feet above the sea level and 400 feet deep.

RETRENCHMENT (?)

At their meeting on August 9th the City Council passed an ordinance amending section ten of the city charter, giving the council the option of publishing ordinances one time or having same printed for distribution. This question was submitted to the voters in April last and defeated, it requiring a majority of all the qualified electors entitled to vote at such election to amend the charter at a general election.

Undaunted, however, the council comes back and calls a *special* election, because at such election the charter can be amended by a majority of the votes cast at such election. Evidently the city dads do not wish publicity given to their acts, their contention that the proposed amendment is in the interest of economy simply being a blind. True, considerable expense has been incurred in the way of publishing ordinances under the new charter, but whoever knew of a business expending without incurring additional expense? The municipal authorities, and especially the council, were anxious for a charter along the lines of the Jacksonville charter, and the last Legislature, through the efforts of the Senator from Alachua county, enacted such a measure. It was not, in many respects, what the Senator desired, but he waived his objections (especially that limiting the rate of taxation) in the interest of harmony, and what he was led to believe to be for the best interests of Gainesville. The increase in the rate of taxation, which we do not think can be shown to be warranted under existing conditions, shows that he should have "stood pat" on this point, and it is to be hoped that the next Legislature will limit the council in this particular at least.

If the City Council would be so particular concerning other expenses as they seem to be regarding the printing bills, there would be no necessity for taxing property owners to such an outrageous extent as they do. Noo ther agency does as much for Gainesville as the newspapers, and the narrow-mindedness exhibited by certain members of the City Council shows their utter unappreciation of the service rendered.

For the information of certain people The Sun will state that the surplus in the county treasury, derived mainly from the hire of State and county convicts, cannot be used for other than payment of bills against the fine and forfeiture fund, and is not available for the road fund. A special act was passed by the last Legislature converting this surplus to the school fund, but the county commissioners contend that the law is unconstitutional, which contention has been sustained by Judge Wills, and the case has been appealed to the Supreme Court.

When asked where she was going to spend her vacation, a lady of our city replied, "Right here at home." Then she went on: "Why should I pack all my pretty clothes in a trunk, bid goodbye to all my friends and take a long, hot railroad trip to some resort filled with people whom I don't know, and who, perhaps, it is best not to know; sleep in a stuffy room on a hard bed, when I have my own comfortable home right here? No, I am going to take my vacation in my home, where I can do as I please."

It pays to read the advertisements of enterprising home merchants. They are the people who make a town a trade center. You should remember that they bring the conveniences, necessaries and many of the luxuries of life right to your door and as a rule sell you honest goods at a small profit.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucus lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucus surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

A PROPOSED AMENDMENT.

Starke Telegraph: One of the pending constitutional amendments provides that resolutions amending the constitution shall hereafter be published for only thirty days prior to the election at which they are to be ratified or rejected. The newspaper man, who benefits somewhat by the longer publication of these notices, will likely be accused of harboring a selfish motive if he suggests that the amendment is not a sound one, but at the risk of being so accused The Telegraph ventures to call attention to the fact that at present constitutional amendments are voted on by less than fifty per cent of the electors of the State, and this too after the publication of the proposed amendments for a period of three months. If this wide publicity succeeds in educating only twenty-five per cent of the electors it seems a reasonable deduction that the shortening of the term of publication will result in a corresponding reduction in the number of votes cast on the propositions submitted, and that we shall hereafter have changes made in the organic law by 15 to 20 per cent of the electors.

In providing for wide publicity to proposed amendments the constitution makers probably did so with a full sense of the gravity of making changes in the organic law and fixed the period of publication at 90 days to obviate, as far as possible, precipitate or unadvised action. In proposing the pending amendment its author's only object was to effect a small saving in dollars and cents.

This is the difference in the constitution makers and the constitution amender. The voter has the opportunity to choose between them.

Rev. Henry Broad, who has been pastor of the Presbyterian church at Starke for several months, has resigned and joined the Baptist denomination. He is from England and prior to coming to the United States did missionary work in India. Mr. Broad gives as the reason for his change of faith that he has concluded, after thorough investigation, that the Baptists are right from a scriptural point of view.

Washington, Aug. 11.—Since the arrival of John G. A. Deck Hands Granted Demands.

New York, Aug. 11.—A large percentage of the railroad tugboats affected by the strike Wednesday night of several hundred deck hands were running Friday. The Erie granted the demands of the deck hands for an increase of $5 per month in pay, but the first class deck hands instead of getting a ten dollar advance will receive $5 for the present. This concession was granted pending the decision of an arbitration board. The Lehigh Valley railroad's nine boats continued to be tied up this morning.

Cured Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

Killed by 10-Year-Old Son.

New Orleans, Aug. 11.—Dispatches were received here Friday saying that Frank Mullins was shot and instantly killed by his ten-year-old son Thursday at Bowerton, Miss. It is said Mullins was whipping another of his children and that his wife, when she attempted to interfere, was struck with a strap in her husband's hand. The ten-year-old boy shot his father with a revolver after his mother had been struck.

Why Fret and Worry

When your child has a severe cold? You need not fear pneumonia or other pulmonary diseases. Keep supplied with Ballard's Horehound Syrup—a positive cure for colds, coughs, whooping cough and bronchitis. Mrs. Hall, of Sioux Falls, S. D., writes: "I have used your wonderful Ballard's Horehound Syrup on my children for five years. Its results have been wonderful." Sold by W. M. Johnson.

A Trooper Suicides.

Chattanooga, Aug. 11.—Trooper F. J. Coerner, troop H, Twelfth cavalry, killed himself at Fort Oglethorpe Friday. He had been placed under arrest by the officer of the day under charges of being implicated in liquor smuggling and asked to be allowed to go to his quarters for a change of clothing. This being granted, he shot himself in the presence of several men with his cavalry revolver, dying instantly.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

Coal Mines Are Flooded.

McAlester, I. T., Aug. 11.—Coal mines No. 9 and No. 10, at Coal Gate, owned by the Missouri Kansas and Texas railroad, were flooded by a creek backing up, the result of recent heavy rains. Property valued at $2,000,000 is badly damaged and 600 men are out of employment.

The only pills that are guaranteed to give perfect satisfaction to everybody or money refunded. Only 25c at all drug stores.

ACCIDENTS INCREASING

Fast transportation, poor railroad service, the multiplied diversities of daily life, whether in business or in recreation, and the careless haste and nervous intensity of American character are resulting in a constantly increasing average of accidents, fatal and disabling.

18,296 PEOPLE KILLED AND HURT DURING JANUARY, FEBRUARY AND MARCH.

Washington, July 25.—The railroad accident bulletin which has just been issued by the Interstate Commerce Commission for the three months ending March 31, 1906, shows the total number of casualties to passengers and employes to be 18,296 (1,126 killed and 17,170 injured). This is an increase of 17 in the number of killed and 52 in the number injured over those reported in the preceding three months.

The number of passengers and employes killed in train accidents was 274, as against 320 in the preceding three months, a decrease of 46 in the number killed.

The total number of collisions and derailments was 3,490 (1,921 collisions and 1,569 derailments), of which 289 collisions and 167 derailments affected passenger trains. The damage to cars, engines and roadway by these accidents amounts to $2,924,785.

SERIOUS WRECK OF PACIFIC EXPRESS

Fifteen Passengers Were Seriously Injured—Engine Plunged Into River.

Fishkill Landing, N. Y., July 29.—Pacific Express Train No. 57, of the New York Central and Hudson River Railroad, which left the Grand Central station in New York at 9:32 o'clock tonight, was wrecked shortly before midnight a short distance above Chelsea, and eleven miles below Poughkeepsie, by running into a landslide which had been swept down from a high embankment by a terrific rainstorm this afternoon. The engine of the flyer was thrown from the rails and plunged into the river.

TWO YACHTS CAPSIZED.

Eight Persons Lost Their Lives After Thrilling Experience.

Angleses, N. J., July 29.—Two yachts capsized in Hereford inlet bar off here today and so far as can be ascertained tonight eight persons lost their lives. There were 32 persons on one yacht, of whom seven were lost, and 12 on the other, all but one of whom were saved.

That not more fell victims to the rough sea was due to the heroism of Capt. Ludlam of the Hereford inlet life saving station and a crew of five men. It was at first thought that from 14 to 28 persons had been lost, but after an investigation the coroner tonight stated that he believed only eight were lost.

20 PERSONS KILLED IN SEABOARD WRECK

By Blunder Trains Meet in Terrible Collision—Both Demolished.

Raleigh, N. C., July 24.—A collision between a freight train and a regular passenger train on the Seaboard Air Line Railroad at 8:40 Sunday night, three miles south of Hamlet, resulted in the death of four trainmen and sixteen others, and the injuring of twenty-four.

The bodies of the dead are being prepared for burial at Hamlet and Rockingham, while the injured have been removed to Charlotte and placed in the hospital there. The wreck was due to the failure of the regular passenger train to receive orders at Rockingham.

STEAL WAGON AND BURN BARN

Seven Negroes Sentenced for Arson In Fairburn Superior Court.

Fairburn, Ga., Aug. 11.—Fairburn superior court has been engaged for two days in the trial of an important arson case, and, as a result, seven negroes have either pleaded guilty or been found guilty of burning the barn of J. J. Nixon, a prominent citizen of this county, involving a loss of about two thousand dollars.

The negroes broke into the barn on the night of July 6 and stole two wagon loads of corn, and then, in order to hide that crime, set fire to the barn, which was entirely consumed, with its contents.

The negroes are Tom Jackson, Mage Vaughn, Jerry Weaver, Berry Weaver, Tom Vaughn, Reuben DeVine, Will Cranfield and Jeff Mays. The last named confessed to assisting in the stealing, but did not participate in the burning, and saved a horse and mule by turning them out of the stable. He was sentenced to 12 months, and the three first named older negroes were given by Judge Roan the limit of the law, seven years each in the penitentiary, while the younger negroes, who were employed by the others to help them were given five years each.

Given Up to Die.

B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run-down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." J. W. McCollum & Co.

Uncorded Dreams.

The subject of dreams is one of the most intricate and perplexing in the entire field of mental philosophy, and it has not yet met with that amount of attention which its importance would seem to demand. Sir William Hamilton, the great metaphysician, held that "whether we recollect our dreams or not, we always dream." To have no recollection of our dreams does not prove that we have not dreamed, for it can often be shown that we have dreamed, though the dream has left no trace upon our memory.

"Make Hay While the Sun Shines."

There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. For sale by all druggists.

"Journal" and "Journey."

Strictly speaking a "journal" should be a daily publication, although the word no longer has that limited use. The case of "journey" is exactly comparable. Even to Chaucer it still meant a day's progress, and in the fourteenth century it was possible to speak of one country as being "fifty-two journeyes" distant from another, a "journey" being reckoned usually as twenty miles. But "journey" calls up no suggestion whatever of a day now.

Unnecessary Expense.

Acute attacks of colic and diarrhoea come on without warning and prompt relief must be obtained. There is no necessity of incurring the expense of a physician's service in such cases if Chamberlain's Colic, Cholera and Diarrhoea Remedy is at hand. A dose of this remedy will relieve the patient before a doctor could arrive. It has never been known to fail, even in the most severe and dangerous cases, and no family should be without it. For sale by all druggists.

WHEN IS A MAN 21?

Think a Moment Before You Attempt to Answer the Question.

"It is often said that law is applied common sense," said a professor of the Yale Law school the other day. "While it is true that law principles originated in common sense, the law itself is the combined experience of many men, for no two men uninstructed in law will agree as to what is applied common sense.

"Then there are many rules of law which undoubtedly have a common sense origin, but, conditions having changed, history fails to disclose this origin. Yet these very rules must be retained in order not to shake personal and property rights. Therefore no man can depend on his own uninstructed common sense to know the law.

"To drive this statement home I have frequently put to an 'incoming law class the question, 'When does an infant become of age?' The answer is always unanimous, 'When he is twenty-one years old.'

"The next question appears ridiculous to some and makes them laugh, while others set their alleged common sense at work and never with correct result, 'When is a man twenty-one years old?'

"One student says, 'On his twenty-first birthday,' but of course he does not mean it, for he is about a year out of the way. Another ventures, 'On the twenty-first anniversary of his birthday.' This sounds better, but even if correct is not specific enough. 'When he has completed his twenty-first anniversary,' 'At the beginning of that day' and 'On his twenty-first anniversary, at the precise hour of his birth,' are other answers.

"And then I surprise the guessers by saying that they are all wrong.

"In computing time it is a general rule that the law disregards part of a day. In applying this rule, suppose a man was born just one minute before midnight on Jan. 2, 1880.

"At midnight he had lived but one minute, yet the day on which he was born was ended and the law considered him one day old. So in computing the twenty-one years which a man must live in order to reach his majority we do not begin with the moment of birth, but with the commencement of the day of his birth.

"Now, since we must start with the first moment of Jan. 2, 1880, it is perhaps natural to say that this man did not become twenty-one years old until the close of Jan. 1, 1901. Mathematically speaking, this is true.

"Twenty-one years in that sense requires that the last moment of Jan. 1, 1901, should have arrived in order to make the man of age, and obviously he was of age at that point of time. But here again the rule is applied.

"As the man was of age on the last moment of Jan. 1, the law disregards the entire part of the day intervening between the first moment and the last, and consequently he became in law twenty-one years old on the first moment of Jan. 1, 1901, the day preceding the twenty first anniversary of his birthday.

"This rule is a part of what is known as the common law and is applied in this country in all states where the common law of England has been adopted and remains unchanged by statute. A man may vote or make a valid will on the day preceding the twenty-first anniversary of his birthday, although the right in the one case and the capacity in the other are given only to persons who have reached the age of twenty-one years."—New York Sun.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Maunell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co. Detroit, Mich.

STEVENSON, Ala., June 6, 1901.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very severe nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctor said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am

Yours truly,
W. C. DANIEL.
